Tunnel Restriction Code	E
Shipping Method	Roadfreight, Seafreight & Passenger/Cargo Aircraft
Box Marking	 4G/Y22/S/**/D/BAM5391-KW-HL

PACKING MATERIALS

1.	1 x UN Approved Fibreboard Box, Part No 50004106800
2.	Corrugated cardboard grate and sheets as required
3.	50mm Vinyl adhesive tape as required
4.	1 x Hazard warning label 1.4S

PACKING METHOD

1.	Assemble the fibreboard box (picture 1) and place one of the cardboard sheets in the bottom of the box.
2.	Insert cardboard grate. Fill the box with smoke signals, vertically stacked, in two layers à 24 pieces (picture 2)
3.	Fill the space between the smoke signals and the lid with cardboard sheets in order to prevent them from moving in the box (picture 3).
4.	Close and seal the box with the adhesive tape, ensuring that the tape overlaps the edges of the box by at least 100mm (picture 4).
5.	Mark the box in accordance with UN transport of dangerous goods regulations (picture 5).
